Dear Friends,

we had the opportunity to hear you singing at Gusen and Mauthausen during the ceremony on the occasion of liberation the concentration camps in Austria.

Particularly moving was for us your performance at Gusen when you sang our favourite polish song „Dziś do Ciebie przyjść nie mogę”. To hear this polish song, in Polish language, at former Nazi camp, performed by German choir, was for us a great experience.

We'll remember it for a long time. Such event is a real symbol for all those people who suffered a lot but today they think about peace and reconciliation.

It was also unforgettable moment when polish combatants handed the red roses to the ladies from your choir.

Thank you very much for your performance and we wish you many artistic successes.

Best regards
